

Production Safety Manuals

United States

These Production Guidelines have been developed to assist production personnel with health and safety, security, medical and environmental questions and issues.

For Scripted Television and Feature Productions:

Make sure to download and print at least 3 copies of the [Production Safety Manual](#), one each for:

- The Production Office
- Assistant Directors
- Construction Coordinator

Complete the [Cover Page](#), one each, for all 3 copies of the manual.

[Download All](#)

For Non-Scripted Productions:

Make sure to download and print at least 3 copies of the [Non-Scripted Production Manual](#), one each for:

- Line Producer
- Stage Manager
- Construction Coordinator

Complete the [Non-Scripted IIPP Cover Sheet](#), one each, for all 3 copies of the manual.

[Download All](#)

A [Supplemental Safety Manual](#) is also available for productions working on the Warner Bros. Main Lot and/or Ranch Facilities

and contains information regarding soundstage floor loading, hazardous waste disposal, paint recycling, etc.
