CAST & CREW: ACT NOW GET URGENT LIFE SAFETY ALERTS

Welcome to Warner Bros. Burbank production facility!

WBD Alerts is the company's emergency notification system. In the event of an urgent life safety issue impacting our Burbank production facilities, our system can send critical information quickly to direct you to safety.

Our system doesn't have your contact information unless you provide it.

In the interest of cast and crew safety, where it's urgent to get word to everyone working on our campus, you **must** register your mobile number with us to be included in these alerts.

Scan the QR code to register for WBD Alerts and learn more.

WBD Alerts will only be used to contact you in the event of an urgent life safety issue (such as an active threat) and your information will be removed following your provided end date or at the end of the show/season you are working on.

Questions? Contact wbdready@wbd.com
