VEHICLES ON/OFF THE LOT

1. Even though the lot is considered private property, basic guidelines for traffic safety as outlined in the California Vehicle Code (CVC) are followed and enforced by the WB Security Department.
2. These rules apply to everyone, including drivers of personal and production vehicles, bicyclists, pedestrians, movie cars, and those driving golf carts. There are no exceptions.
3. Security Officers can and will issue traffic citations to anyone ignoring street signs and facility rules.
4. In the case of drivers with on lot parking decals, on lot driving privileges can be suspended if more than 3 citations are incurred.
5. In the case of company employees a copy of the citation will be forwarded to the violator's supervisor for informational purposes.

The following is a list of basic traffic rules which apply on the Main Lot and Ranch location:

6. Speed limit is 8 miles per hour (MPH)
7. All vehicles must signal for turns
8. Vehicles are not allowed to block the flow of traffic on street.
9. Be very cautious at blind intersections.
10. All vehicles must come to a complete stop at Stop signs.
11. Honking of horns is forbidden, especially in areas of production, such as sound stages and the back lot.
12. Bicycles must follow the same rules as those enforced on public streets, including riding on the right hand side of the street, signaling for turns, and stopping for traffic control signs where posted.
13. No riders are allowed in the bed of trucks.
14. Carrying passengers on bicycle handlebars is strictly forbidden.
15. CVC guidelines for pedestrians should be observed at all times.
16. Pedestrians will yield to the right of way when crossing the street between intersections.

In addition to basic traffic rules, WB also enforces the vehicle code rules and regulations for parking. Vehicles may be cited and or impounded if the following parking rules are violated.

17. Parking of vehicles in unauthorized parking spots.
18. Parking a vehicle so that it obstructs vehicular or pedestrian traffic.
19. Parking a vehicle in a Fire Lane.
20. Parking a vehicle in an area designated as Handicapped Parking.

The following is a list of common-sense guidelines for your safety:

21. There should never be more than one person on a bicycle.
22. Objects that interfere with the control of the bicycle are not to be carried.
23. Headlights and reflectors are necessary for golf carts and bicycles at night.
24. Do not walk down the middle of the street with vehicular traffic.
25. Drive slowly around the large production vehicles, there are often pedestrians in close proximity.
26. Drivers and passengers must wear seat belts in any vehicle equipped with them (California Vehicle Code section 27315), and passengers must remain seated while the vehicle is moving.
27. Drivers must not use a handheld phone or other handheld device while driving (California Vehicle Code sections 23123 and 23123.5).
